Rancho High School Abstract 2004-05

The tenth-grade GEAR UP cohorts at Rancho High School include a diverse 425 student population. Rancho High School's 2004-05 GEAR UP Grant will focus on students attaining a 2.0 GPA or better, offering AVID (Advanced Via Individual Determination) and Strategies for Success classes. Students will participate in career and college preparation activities, and parental involvement will be encouraged. Through AVID, under-achieving students will be able to attain their goal of going to college. Strategies for Success will help students who are in danger of failing by offering remedial reading and writing classes. A special feature will be the mentoring program entitled Extreme Careers. The program will partner GEAR UP students with North Las Vegas businesses by providing mentoring as students explore career interests.
